QUALIFICATION SUMMARY

A highly driven, passionate, and patient individual experienced in individual and group instruction, using technology, and communicating.

EDUCATION

Ball State University Master of Arts in Mathematics	2019 – 2021
University of California, Los Angeles Bachelor of Science in Mathematics	2014 – 2018
Edward R. Roybal Learning Center High School Diploma	2010 – 2014

EXPERIENCE

Math Teacher (Muncie Community Schools) I am the instructor for Algebra 1, Algebra 2 and Algebra 1 Lab. I am responsible for lesson planning, evaluating students and creating meaningful activities. I maintain an environment conducive to learning and student success.	Fall 2021 - Present
Graduate Assistant (Ball State University) I am responsible for teaching an introductory mathematics course, quantitative reasoning. I am the instructor of record, so I am responsible for creating engaging and purposeful lessons, as well as assigning grades and providing additional support outside of class through electronic communication as well as office hours.	Fall 2019 – Spring 2021
Substitute Teacher (Muncie Community Schools) I am responsible for a teacher's classes, following their established lesson plans and maintaining an orderly classroom environment. Typical responsibilities include taking attendance, teaching, and collecting and organizing student work.	Fall 2019 – Spring 2021
Freelance Tutoring Began by offering tutoring during my 10 th grade exclusively for graduating seniors in Algebra II. In 11 th and 12 th grades, began offering tutoring in calculus and physics. Throughout college, I offered tutoring in first and second semester calculus. After college, I began tutoring at the middle and elementary school levels, in addition to the high school and college level tutoring. These efforts have resulted in improved grades both in school and on examinations, such as the HSPT.	2011 – Present

Instructional Aide (Synergy Kinetic Academy)

April 2018 – June 2019

I followed the directions of the teacher to maintain the classroom both academically and behaviorally. I support teachers and students in 6th and 8th grades. As a result, I have become well-versed in the academic expectations and needs of 6th and 8th grade students. Supporting students includes answering questions, providing examples, encouraging positive behavior, and delivering small group instruction. Supporting teachers includes providing feedback, being available for consultation, and immediately addressing behavior issues. Additionally, I was tasked with supervising Homework Lab, an afterschool service where students work on homework, use computers, receive tutoring, and collaborate on projects. The result was enhanced student comprehension and performance in class and on NWEA MAP Growth testing.

Math Tutor (A World Fit for Kids!)

2017 – 2018

I provided math tutoring after school at the high school level. I completed examples, retaught material and checked homework for students at all skill levels, from identifying even and odd numbers to AP Calculus. When appropriate, I facilitated collaboration among students. I supported some students in Spanish, as they were English learners. Students completed assignments, improved their understanding in class and earned higher grades.

EDUCATOR LICENSES

Indiana Professional Educator License (Mathematics)	#10268524	Exp: 3 June 2023
California 30 Day Substitute Permit	#210073449	Exp: 1 May 2022
